Project Design Phase-I
Proposed Solution Template

Date	27 September 2022
Team ID	PNT2022TMID46931
Project Name	Project – News Tracker Application
Maximum Marks	2 Marks

Proposed Solution:

S.No.	Parameter	Description
1.	Problem Statement (Problem to be solved)	When user want to get a news at any place and feel hard to read news papers, magazines. They don't have enough time to read news papers.
2.	Idea / Solution description	In this Application user can directly read news in online or offline. User can categorize their favourites.
3.	Novelty / Uniqueness	In this application we provide Audio form of news also and we enable the option like comment. User can comment their own opinion.
4.	Social Impact / Customer Satisfaction	The major goal of our project is change our subscriber into a best reader. The news will reached to each and every one.
5.	Business Model (Revenue Model)	When compare to other news Application our News Tracker Application will be easy for beginner readers . News will be posted as easily understandable language.
6.	Scalability of the Solution	We can easily scalable our Applications by clear user interface. Everyone can easily access it.
